EXECUTIVE SUMMARY

The University Act vests the management, administration and control of the property, revenue, business and affairs of the university in the Board of Governors. It is empowered to establish committees it considers necessary to carry out the Board's functions, and to confer on those committees the power and authority to act for the Board.

The Board has delegated authority to the Governance Committee to approve terms of reference for each of the standing committees, including the Finance Committee. The Board has recently reviewed responsibilities where delegated authority is shared among two or more of its standing committees and determined that the practice of holding joint committee meetings will be discontinued. The Committee Chairs have reviewed the list of joint responsibilities and agreed upon a reallocation of each responsibility to one Board committee. The Finance Committee previously had 21 jointly delegated responsibilities, which have now been reallocated.

It is anticipated that at its meeting on November 22, 2019, the Governance Committee will approve revised terms of reference for the Finance Committee with the following amendments:

1. revised language to clarify the delegation of authority from the Board to its committees (This language was presented to the Governance Committee at its June 2019 meeting and to the Finance Committee at its September meeting but has not yet been formally approved.);
2. additional items to be included on list of delegated authority (These items were presented to the Finance Committee at its September 2019 meeting but have not yet been formally approved.);
3. reallocation of jointly delegated authority (These reallocations have been identified on the basis of the input provided by the Committee Chairs.); and
4. updates to all cross-references to Board policies to reflect the recently approved naming and numbering system for Board policies.
