#### EXECUTIVE SUMMARY

UBCO has launched a new graduating student award which recognizes ten students for their leadership and engagement on campus and in the community. This year we had over 50 applications, and of the ten award winners their student experiences are diverse in highlighting the high impact practice opportunities at UBCO (e.g. undergraduate research, community engaged service learning, etc.). Two graduating students will share their student experience at UBCO. And we will share how we're working towards a vision of offering two high impact practices for every undergraduate at UBCO over the coming years.
