**EXECUTIVE SUMMARY**

This is an annual summary report of controlled, affiliated, and related organizations together with a listing of tenancies on- and off-campus. This annual report includes summary matrices showing each entity's name, function, and status by the following categories (by schedule):

Organization Type	Description	Concerns

B. Specific UBC Related Entities and Joint Ventures	Entities that exist because of their relationship to UBC, but which UBC does not control. Some of these entities are also major tenants on campus; some are legally separate from UBC entirely.	None
C. Non-UBC Specific Significant Affiliations and Joint Ventures	Entities which might exist without UBC and which UBC does not control, but with which UBC has a significant relationship defined as either general institutional membership, board representation, or a founding member relationship, and also includes the four primary teaching hospital sites.
