### EXECUTIVE SUMMARY

The Development Permit Board makes decisions on development permits, where approved neighbourhood plans are in effect. Board of Governors’ Land Use Policy UP12 establishes procedures to administer campus and community planning, development project review and building code compliance. One of the Policy UP12 Land Use Rules is the Development & Building Regulations, where the requirements to obtain permits are established. The Development Permit Board reviews development applications for projects where a Neighbourhood Plan has been approved. The Board of Governors makes decisions on capital projects on academic land and authorizes the Director of Planning to issue permits for academic projects. The Development Permit Board meets in open public sessions that have been formally advertised. It assesses proposed projects on a site-by-site basis, ensuring that the projects comply with neighbourhood plans, green building guidelines, and the UBC Development Handbook.

Development Permit Board membership includes UBC staff, faculty, resident, student and community representation.

Decisions of the Development Permit Board, including conditions, are forwarded to the Director of Planning, who issues development permits on behalf of the University.

The Board of Governors receives annual reports on the Development Permit Board’s activities. This is the 19th annual report to the Board of Governors.

### Development Permit Board Activities 2022

Since the annual report received by the Board of Governors Property Committee on November 19, 2021, the Development Permit Board has held two meetings, in March and May 2022. Minutes of the Development Permit Board Meetings are posted on the Campus and Community Planning website, [Development Permit Board](#).

Three new development applications were reviewed as follows:

- Market Residential (Polygon Homes) on Lot 6 in Wesbrook Place for a development comprising a 16-storey building and 3-storey townhouse units in a low-rise building with a gross building area of 180,941 sq. ft. and 209 residential units;

- The University Neighbourhood Association (UNA) applied to develop a temporary Basketball court on the future elementary school site in Wesbrook Place. The Development Permit Board voted to defer the project for further response regarding noise attenuation. The UNA Board subsequently voted to withdraw the application.
- Faculty/Staff Rental Residential (UBC Properties Trust) on Lot BCR6 in Wesbrook Place for a development comprising 551 units within three buildings (an 18-storey tower and two 6-storey buildings) with a gross building area of 403,431 sq.ft. A child daycare facility will occupy the ground floor of the high-rise building.

In 2022, Development Permits approved by the Development Permit Board added 760 dwelling units to the neighbourhood housing stock with a gross buildable area of 584,372 sq.ft.

The annual totals for the permits approved by the Development Permit Board since its inception are presented in the following table.

The function of the Development Permit Board provides the appropriate oversight for the administration of the system of land use and development controls within the campus neighbourhoods where neighbourhood plans have been approved. The process provides certainty for residents, developers and the wider campus community.
