<b>SUPPORTED BY</b>	Michael White, Associate Vice-President Campus + Community Planning

---

#### EXECUTIVE SUMMARY

Board of Governors' Policy #GA6 'Naming' establishes policies and procedures for approving names for campus facilities. The Naming Committee may recommend that a facility be named to reflect its use, to honour someone associated with the University, or to recognize a donor. The President forwards Class 1 facility naming recommendations from the Naming Committee to the Board of Governors for approval.

On February 23, 2023 the Naming Committee recommended the following Class 1 Facility naming request to reflect the use of the building.

**"Campus Operations Equipment Shed"**: This new one-storey storage shed at UBC Okanagan will address Campus Operations' current heavy equipment storage needs for vehicles, golf carts, skid steers, tractors, man lift, UTV, as well as sanders, snow blowers and related work accessories. This shed is approximately 4,000 sf and is located in the campus operations works yard compound at the southeast corner of campus.
