The Chair noted that two briefings were circulated under the Consent Agenda for the Committee's information: Establishment of New Endowments and Update on Amendments to Committee Terms of Reference.

3. Updates re Academic Excellence Fund and President's Academic Excellence Initiative

Responsible Executives: Gage Averill, Provost and Vice-President Academic, UBC Vancouver
Rehan Sadiq, Provost and Vice-President Academic, UBC Okanagan

The Administration provided verbal updates on the Academic Excellence Fund and on the President's Academic Excellence Initiative. The Academic Excellence Fund (AEF) was established in 2016 to direct a portion of international tuition revenue toward initiatives that advance UBC's academic excellence. The Committee was advised that the Tuition Allocation Model underlying the Academic Excellence Fund has been amended to increase the amount of funding flowing to Faculties and Central. The Committee was further advised that the Administration took steps to ensure that equalization remains in place for those Faculties unable to enroll international students.

The President's Academic Excellence Initiative (PAEI) was designed to support the creation of net new faculty positions and to enhance support for research, graduate students, infrastructure and library collections. The Committee was advised that in response to modelling projecting negative long-term financial results at the rate of hiring originally envisioned, the total number of faculty hires to be supported by the PAEI's Accelerate phase has been reduced from 100 to 93. The Campaign phase of the PAEI will leverage donor contributions to create new professorships and chairs on the Vancouver campus, and to support capital needs on the Okanagan campus. The Committee was advised that in the interests of PAEI sustainability, the number of anticipated Campaign phase positions has been reduced from 75 to 37.

In response to the information provided, the Committee noted that there may be implications for the Academic Excellence Fund and/or the President's Academic Excellence Initiative arising from the Administration's review of the UBC budget model, and requested a follow-up briefing at a future meeting.

The open session of the November 20, 2023 Learning & Research Committee meeting adjourned at 8:26 a.m.
